

WINTER CAMPING at ONAWAY ISLAND!

All winter camps share common activities that can only be had during Wisconsin winters on the scenic Waupaca area Chain-O-Lakes. Ice fishing, ice bowling, broomball, skating, snowshoeing, cross-country skiing, fort building, and sledding are some of those activities. Onaway Island provides comfortable accommodations in the year-round facilities of Headquarters and the new Dining Hall. Both buildings are equipped with fireplaces to help create that warm and cozy winter camping experience. Great meals are cooked and eaten, there is plenty of hot cocoa and cider, and there is always a fire somewhere! Don't miss the chance to see Onaway in all its wintertime splendor.
